

PRAGYA EQUIPMENTS PVT. LTD.

AN INNOVATIVE HYDRAULIC PASSENGER LIFT

Pragya has developed first time such type of hydraulic passenger lifts for domestic purpose to take care of the movement of physically weak and the old persons from one level to another one.

The main features of this good looking lift are:--

- A) That it does not require any digging in the floor.
- B) That it can be installed without any civil work at any place.
- C) That the hydraulic motion of the lift is very smooth slow and noise free, looking to the utility of the lift.
- D) That it gives a showpiece like look in the house because of its beautification.
- E) That the entry and the exit to the cabin can be given from any side at for different floors.
- F) That it can be designed up to 4 floors.
- G) That it is provided with electronic, hydraulic and mechanical safety devices.
